

Lockwood Pedestrian Safety District

Advisory Board Meeting – 8/5/2015

MEMO

- **Due to a busy summer and conflicting schedules amongst board members, this month's meeting will consist only of electronic distribution of this memo. Any feedback will be recorded and submitted as meeting minutes.**

- **US Hwy 87 Path**
 - The US 87 Sidewalk project will be re-bid. It is/will be advertised on July 31st and August 7th. A pre-bid meeting is scheduled for August 11th at 10 AM at the Lockwood W&S District Conference Room. Bids are due on August 17th and will be opened at the Commissioners Meeting on August 18th.
 - The project was re-structured to make it more attractive to contractors:
 - Contract time was increased from 45 days to 60 days.
 - Project completion was stipulated as “during the 2015 construction season”
 - The project was re-structured to provide more flexibility to the LPSD for award by splitting it into a Base Bid (Peters Street to Cherry Street) and an Additive Alternative (Cherry Street to/across Old Hardin Road). Depending on how bids come in, it's possible to award just the Base Bid as it will at least provide for a walk to school route.

- **Transportation Alternatives Grant – Becraft Lane**
 - On behalf of Yellowstone County, BSED submitted the Transportation Alternatives Program application last week, July 30, 2015, regarding the Becraft Lane Sidewalk project. Mike Wherley, MDT's TA Program Manager, acknowledged he received the application.
 - MDT's timeline suggests applications throughout the state will be reviewed and scored in the Fall of 2015, and projects will be selected in the Winter of 2015-2016.
 - **The completion of this application was a collaborated effort; all involved provided excellent information.**

- **LPSD non-motorized transportation plan review**
 - Approved.
 - 30 hard copies were ordered and will be distributed to local, applicable parties

- **Action Items for next meeting:**
 - Review and comment on LPSD by-laws from every board member
 - Other?

- **Next Meeting Date(s):**
 - Wednesday, September 2nd
